Honorable Mayor Craig Brown and Members of Council,

This letter presents the Second Quarter Budget Status Report for the period ending March 31, 2025, with projections for the fiscal year ending September 30, 2025 (FY 2025). This quarterly report includes preliminary statements of income, expense, and ending fund balances for all operating funds as well as the cash balances and project allocations for all capital funds. Every fund is annotated with explanations of notable differences from budget for revenue and expenditures.

The second quarter's report is a mid-year snapshot of how the annual revenue is projected to progress. Our largest source of revenue, Property Tax, has been collected and received in large part at 89.7 percent, about 1 percent lower than receipt trends from previous years. The other major sources of revenue, Sales Tax and Hotel Occupancy Tax are submitted to the City after the month in which the activity occurs. Sales Tax revenue is projected to end the year as budgeted. During the first half of the year Hotel Occupancy Tax was below last year's revenue in 4 of the 6 collection months and is projected to end the year slightly below the budget.

System-wide, total revenue and expenditures are projected to end the year under budget, with only General Fund revenue expected to surpass the budget. Decreased expenditures continue to reflect savings in various Special Revenue Funds where restricted funds have not been allocated to any projects as of the end of the first quarter. Additionally, both the General Fund and the Enterprise Funds are projected to have slightly lower expenses than budgeted. Savings in these funds are attributed to concerted efforts throughout the City to ensure that funding will be sufficient to complete the budget year in spite of the October 2025 budget amendment cuts. The City maintained a hiring freeze through the first half of the year that applied to all departments except Police and Fire. The freeze was conditionally lifted at the end of March based on revenue trends in the General Fund.

The General Fund is projected to end FY 2025 with a \$23.8 million ending balance. This is equivalent to 106 days of operating reserve. As our stated goal for the General Fund Reserve is 120 days of operating expenses; we will continue to manage revenue and expenses toward the goal of maintaining year end fund balance at the budgeted levels. The largest revenue sources of property tax and sales tax are projected to be in line with

budgeted amounts. The General Fund should end the fiscal year as budgeted and is projected to sustain high interest income earned on fund balance similar to the two most recent years. The projected increase in fund balance since the first quarter report is almost entirely attributed to the known sale of fixed assets at the Scholes International Airport in April 2025.

The City's Combined Utility System (Waterworks and Sewer System funds) is producing revenue at a pace to end up about 2 percent ahead of budget. Additionally, the fund balance will be boosted by projected operational underruns of about \$900,000.

Hotel occupancy tax is expected to provide \$35.4 million in anticipated revenue for FY 2025. Based on receipts in recent months, total HOT revenue is expected to end the year slightly below budget projections. These funds comprise a category of special funds unto themselves that are reported herein in eight special funds. Special Funds are the accounting vehicle by which funds with legal restrictions such as those associated with HOT revenue are deposited and tracked.

Total expenditure of HOT funds for the twelve months in FY 2025 is expected to be \$25.4 million. There is an anticipated surplus in the Debt Service and Convention Center Operation funds of \$9.6 million to be divided between Landry's and the City.

Property tax revenues are projected to be slightly below the FY 2025 budgeted revenues. The large increases in value during the past few years have resulted in a decrease in the tax rate from \$0.56 per \$100 of taxable value in FY 2021 to \$0.408850 in FY 2025. To limit the impact of increases in property values, homestead residential property owners are capped at ten percent in their annual increase in taxable value, and the City Council also increased the minimum homestead exemption from \$5,000 to \$60,000 starting in FY 2023. However, these tax breaks did not affect non-homestead residential property owners or commercial and business property owners' taxable values.

Sales tax revenue has been slightly above the previous year's levels in the first half of the fiscal year. While this quarter's report still projects a conservative sales tax experience, this projection is driven by the flat hotel occupancy tax experience and presumed impact on sales tax.

Please let me know if you need further information on this Second Quarter Budget Status Report for FY 2025.

NOTES:

- (1) The City lost taxable value this year as a result of taxpayer suits challenging the increases in taxable value in the last year. The related revenue losses are currently projected to be over \$800,000 in the current fiscal year.
- (2) Fiscal year total sales tax revenue is projected to end the year closely aligned with the adopted budget.
- (3) The increase in Franchise and Other Taxes is a result of higher than expected Natural Gas, Cable Television, and Refuse Collection fees.
- (4) Building Permit trends are suggesting higher than budgeted revenue by over \$160,000.
- (5) Charges for Services are projected to be slightly lower than projected due to a decrease in Golf Cart Registrations compared to previous years.
- (6) Fine and Forfeits are estimated to end the year up from the budget by over \$160,000 based on current collections trends.
- (7) Interest earning are ahead of budget projections due to sustain high overnight interest rates allowing the City to keep investments short and liquid in the Investment Pools.
- (8) Other Revenues are projected to end the year over \$1,800,000 higher than budgeted primarily due to the sale of fixed assets, specifically City owned land at the Scholes International Airport.
- (9) Other Financing Sources is projected lower than the budget amount by \$450,000.
- (10) The underrun in these departments include various line item underruns.
- (11) The underruns in the Departments represent vacancy lapse during FY2025.

- (12) The expected overrun in the Streets Department includes \$(768,880) shortfall in reimbursements from In-House Streets and CDBG due to Beryl reconstruction projects and other department priorities.
- (13) The expected overrun in Parks Administration includes an anticipated overage of \$70,700 in part-time and seasonal workers offset by approximately \$25,40 in vacancy lapse and various line-item underruns.
- (14) The expected overrun in Building Inspection includes salary increases to 3 positions and will be included in a future budget amendment.
- (15) The overage in Municipal Court includes \$86,500 in overages in banking fees due to increasing fees from payment disputes and approximately \$25,840 in various line item underruns. Staff will continue to monitor the bank fees issue and include it in a future budget amendment if necessary.
- (16) Projected need based on current funding from other sources, staff will monitor and make adjustments as needed.
- (17) Litigation charges are related to a claim from Quality Works Construction, Inc originating in October 2021.
- (18) Comprehensive plan is expected to be funded by a grant from the General Land Office.

Special revenue funds are used to account for the proceeds of specific revenue sources legally restricted to expenditures for specific purposes.

Rosenberg Library Fund (1040) - To account for ad valorem taxes collected and transferred to the library, to be used for library purposes, as authorized by City Charter.

Seawall Parking Fund (1095) – To account for receipts of seawall parking revenue and expenditures related to the operation and capital improvement of the seawall and beach.

Convention Center Surplus Fund (1090) – To account for local hotel occupancy tax, to be used to enhance and promote tourism and the convention and hotel industry.

City Council Projects & Initiatives Program Fund (1098) – To account for funds to enhance neighborhood resources, economic development, public services, and the quality of life for residents.

Short Term Rental Regulation Fund (1088) – To account for the portion the short term registration fee allocated to the City. The registration fee was increased to \$250/registration effective January 2023. The Park Board receives a portion of the fee to pay for costs incurred for collections. The remaining receipts are allocated to the City.

Infrastructure Fund (3199) – To account for funds for capital improvement and/or debt service allocating 1% of the General Fund Operating Budget beginning in FY 2013 and an additional 1% in each successive fiscal year thereafter until the cumulative annual allocation reaches a minimum of 8% of the total General Fund Operating Budget.

Separation Pay Fund (1099) – To account for funds from the General, Waterworks, Sewer System, Sanitation, Drainage and Airport for accrued benefits paid to an employee who terminates employment from the City.

Public Access Channel Fund (1092) – To account for funds used for improvements and equipment related to the City's public access channel. The revenues from this fund come from Comcast. It is a legal requirement that the funds be spent to improve the public access channel.

Parking Management Fund (1096) - To account for collection of parking revenue and fees around the downtown area.

Lasker Pool Fund (1094) – To account for funds received through donations, grants and IDC funding to be used for the first community pool in the City of Galveston.

Pension Reform Fund (1020) - To account for funds set aside to address the City of Galveston Civilian Pension Plan.

Revenue Producing Parks Fund (1031) - To account for the collection of fees and expenses at Pocket Park #1, Pocket Park #2, Pocket Park #3, Fort Crockett Seawall Park, McAllis Point and Ostermayer Bayou.

Asset Forfeiture Funds (1811) – To account for the equitable sharing of assets received from federal and state agencies to be used for law enforcement purposes. Funds are used to enhance and supplement, not supplant or replace the Police Department's appropriated budget.

Police Special Revenue Fund (1812) – To account for funds donated from the community to be used for Police Department needs.

Police Quartermaster Fund (1813) – To account for funds to maintain and purchase clothing and equipment as determined by the Police Administration for all full time paid police officers

Alarm Permit Fund (1814) – To account for fees paid by permit holders for annual alarm system permits issued by the city. Fees shall be used for the general administration and enforcement of the city alarm systems program as required by Local Government Code, Section 214.194.

Fire Special Revenue Fund (1816) – To account for funds donated from the community to be used for Fire Department needs.

Municipal Court Building Security Fund (1821) – To account for a fee of \$3.00 per misdemeanor conviction and is collected for future improvements to the security of the court facilities.

Municipal Court Technology Fund (1822) – To account for a fee of \$4.00 per misdemeanor conviction and is collected for future improvements to technology of the court facilities.

Municipal Court Juvenile Services Fund (1823) – To account for a fee of \$6.00 per misdemeanor conviction (90% State, 10% City) to promote the efficient operation of the court and the investigation, prosecution, and enforcement of the offenses within the court's jurisdiction.

Recovery and Capital Reserve Fund (3050) - To account for funds collected through the legal department.

Technology Improvement Fund (1097) - To account for funding for city-wide efforts to enhance technology of the city's hardware and software configurations and status including disaster recovery planning.

Island Transit Fund (1300) – To account for the receipt of and expenditure of federal, state, and local revenues designated for transit and other livable community projects.

HOT Special Revenue Funds (several) – To account for the revenues collected from hotels and short term rentals including Park Board sponsored programs that are funded according to State law, convention center operating agreements and HOT bond covenants.

NOTE: The Rosenberg Library reached an agreement with the City Council on September 9, 2022 that provides for the annual calculation of a portion of the Rosenberg Library's share of annual property tax revenue to be retained by the City. Under this agreement, the Library Board agreed to accept an increase over the prior fiscal year that was equal to the overall increase in the City's budgeted property tax revenue. This amount is set during budget time and trued up at the end of the fiscal year. The Library charter calculation of property taxes is being affected by the large volume of court cases resulting in taxable value loss.

- NOTE:**
- (1) By contract, The Park Board collects all Seawall parking revenue, incurs the expense of operating the parking system, and provides the City income net of expenditures. The City maintains this net income in this fund and has it reserved until significant projects to improve the Seawall are identified and approved by City Council. Estimated receipts for year are based on an estimated revenue for 1st quarter as these amounts have not been reported to the City yet.
 - (2) Funding for approved Capital Improvement Program Projects.

NOTE:

- (1) The Convention Center operator implements major maintenance and repair projects that are charged to Hotel Occupancy Tax Capital Reserve funds under terms of the original convention center development and management agreements. This directly affects the portion of the hotel occupancy tax revenue left over to "trickle down" to this fund. See quarterly calculation in the Appendices. The decrease in revenue as compared to budget is associated with the overall decrease in HOT collected year-to-date compared to prior years.
- (2) Estimated expenses for Master plan and temporary housing for Beach Patrol including Project Management costs. City staff will continue to monitor projects and a budget amendment will be presented to City Council for approval if necessary.
- (3) Funding for improvements to Lassie League, B. Davis Parks and Lindale Park including Project Management fees.
- (4) Funding for the reimbursement to Parks for mowing of Right-of-Ways for FY 2025. In future years, this will be reimbursed by the Park Board.
- (5) Funding for the reimbursement to the Police Department for Officers assigned to the Seawall District. Assignments began in January 2018.
- (6) Payment pending invoices from the Galveston Park Board.
- (7) Anticipated reimbursement to Island Transit for Bus and Rail Trolley Operations. City staff will continue to monitor projects and a budget amendment will be presented to City Council for approval if necessary.
- (8) Year-to-Date transactions recorded for Special Events includes sponsorships received by the City only. Allocation of City expenses to Special Events has not been completed as of this report, however those expenses are expected to be similar to FY24.

- NOTE:**
- (1) A Major Disaster Declaration for the State of Texas (FEMA-4332-DR) was issued August 25, 2017 for Hurricane Harvey. This resulted in the City receiving a federally reimbursable grant for hurricane response. In FY2020, 90% of the cost of ten projects were reimbursed by FEMA. TDEM provided some funds along with the City's for the required 10% local cash match. In addition, excess insurance proceeds received in a prior years were deferred and excess contributions for projects completed in previous year's were returned to the operating funds.
 - (2) Currently, the work toward repairs is underway at the various departments. Estimated completion dates are unknown at this time.

NOTES:

- (1) Included in the totals are separate special funds for Beach Maintenance, Beach Patrol, Beach Renourishment, Advertising/Tourism (CVB), HOT Debt Service, Convention Center Operations, Arts (Cultural Events) and Arts (Historic Preservation). Convention Center Surplus Fund is not included.
- (2) In FY 2025, the HOT Revenue estimates are based on a base amount of \$3.3 million per penny, be it local or state.
- (3) All HOT proceeds are deposited in a HOT-dedicated bank account and invested in a HOT pooled investment account through the City's investment program. The process of depositing, investing, and accounting for interest income is governed by a Council policy under the authority of the state Public Funds Investment Act. Actual rates continue to be over 4 percent currently.
- (4) FY 2025 Estimates for "Reimbursement of Park Board HOT Operating Expenses" is the amount agreed to with the Park Board adopted FY 2025 Annual Budget and the approved contract with the City.
- (5) City HOT funds used for project components of the demolition and engineering related to the Stewart Beach Pavilion. A budget amendment will be presented to City Council for approval in the near future.
- (6) The Convention Center development agreement authorizes use of HOT funds for renewal and replacement of major Convention Center facilities and fixtures.

Local and State Hotel Occupancy Tax revenue is allocated in the following special revenue funds as shown in the table below

NOTES:

- (1) Beginning Fund Balance for FY 2024 is based on the adjustments below to put the calculations used in the Annual Comprehensive Financial Report that are full accrual on a modified accrual basis for budget adoption and reporting purposes.
- (2) Drainage fees projected based on first quarter actuals. Various components of the FY 2024 drainage plan were re-launched where prior implementation gaps have been discovered. Due to software and data improvements, rate categories have been re-configured per the original rate design and there charges where anticipated to provide an increase in revenue. This program was implemented in May 2024 and the full annualized fiscal impact has not been confirmed.
- (3) Estimated Interest for FY 2025, subject to changes in Fed rate.
- (4) The expected underrun in Municipal Drainage is due to vacancy lapse.

DRAINAGE IMPROVEMENT PROGRAM

PROJECT NO.	PROJECT NAME	DESCRIPTION	TOTAL PROJECT BUDGET	EXPENSE TO DATE	CURRENT PHASE	FY 2025 STATUS
D1601	11 MILE ROAD DRAINAGE IMPROVEMENTS	To alleviate drainage concerns, culvert replacement and ditch regrading needed. Drainage improvement along FM 3005 will require coordination with TXDOT.	\$ 45,886	\$ 45,886	Design	Design is approximately 75% complete. Additional survey is needed at the connection point to TXDOT along FM3005.
D1604	CHURCH STREET DRAINAGE IMPROVEMENTS	Replace and upgrade the existing vitrified clay storm sewer system per recommendations in the Master Drainage Study.	\$ 2,108,921	\$ 1,837,827	Construction	Project Complete
D1701	MASTER DRAINAGE PLAN and FEASIBILITY STUDY (aka STORMWATER MASTER PLAN)	Engineering study of current drainage system throughout City with recommendation as to the feasibility of various alternatives to improve drainage.	\$ 3,309,307	\$ 1,184,335	Scoping	LAN has developed the existing conditions model and the first of two public meetings has been held to solicit public feedback of the findings from the existing modeling efforts. The second public meeting is scheduled for March 7, 2023. LAN is beginning to start looking at developing potential solutions to identified flooding issues that can be developed into future CIP projects. A DRAFT report has been submitted to staff for review and comment. Work is ongoing.
D1901	14TH STREET STORM WATER PUMP STATION	Design and construction of a new pump station to work in conjunction with the storm sewer system.	\$ 51,390,873	\$ 5,059,595	Design	Funding from FEIMA for Construction is in progress with the City receiving an award letter from TDEM in January 2024. Staff is working on developing a scope of work to have a 3rd Party Engineering Firm conduct a Constructability Review of the current plans, and will be having the Engineer of Record update the engineering plans and compile the final Bid Package. The constructability review is underway with the first task of updating the project cost estimate nearing completion. This project is anticipated to bid during the 4th Quarter of FY2024.
DSTORM	STORM WATER MANAGEMENT	Annual reporting and monitoring of Municipal Separate Storm Sewer System (MS4) Permit to TCEQ	\$ 430,457	\$ 430,457	Annual	Annual Recurring Project. In progress. March 2018 annual report for the City of Galveston Phase II MS4 has been approved by TCEQ on June 18, 2018. Being done in-house by the PW Director's Department.
D2101	SOUTH SHORE STORMWATER PUMP STATION	Design and construction of a new pump station to work in conjunction with the storm sewer system.	\$ 78,564	\$ 6,186,530	Construction	The design of this project is 100%. The engineering team is beginning the process of negotiating Temporary Construction Easements with property owners along the project corridor. The project advertised in August 2024 and bids were received in September 2024. The Bids are being evaluated and prepared for City Council action.
D1702	EVALUATION OF STORM SEWER OUTFALLS	Evaluation of the 42 storm sewer outfalls. Majority of these outfalls are submerged and their condition is unknown.	\$ 248,861	\$ 248,861	Field work completed. Some outfall locations could not be identified.	Engineering provided cost estimate for critical outfall repair. Evaluation and consideration of these recommendations will be incorporated into the Master Drainage Plan.

WATERWORKS PROGRAM

PROJECT NO.	PROJECT NAME	DESCRIPTION	TOTAL PROJECT BUDGET	EXPENSE TO DATE	CURRENT PHASE	FY 2025 STATUS
W1802	NON-REVENUE WATER MITIGATION PROGRAM	Mitigate the amount of water that is not sold at retail price. Areas such as leak detection, improvements, meter replacements.	\$ 661,634	\$ 661,633	Construction	In Construction
W1801	30" WATERLINE - 71ST STREET TO 59TH STREET PUMP STATION	Replace approx. 4,300 feet of 30" water line.	\$ 2,032	\$ 2,032	Delay until 59th Street Pump Station and Tank complete	Team suggested delaying this project until 59th Street PS and Tank plus the 24" Waterline to the Airport PS is complete.
W1702	20" WATERLINE - TAMUJ TO SEAWOLF PARKWAY TO BRADNER STREET	Replace approx. 5,250 feet of existing 20" water line that serves a major portion of Pelican Island. Old bar wrapped concrete cylinder pipe with multiple failure points and expensive to repair.	\$ 595	\$ 595	Planning	Planning
W1902	12" WATERLINE - SEAWALL BLVD., 81ST TO 97TH STREET	Construction of approx. 3,650 ft. of 12" water line. To complete the loop providing water to the west end and improve the water quality and pressure available to the properties located in this stretch of seawall.	\$ -	\$ -	Planning	Planning
W1704	30" WATERLINE - RAILROAD BRIDGE TO HARBORSIDE DR	Replace approx. 2,100 feet of waterline.	\$ 256,123	\$ 208,123	Delay until 59th Street Pump Station and Tank complete	Team suggested delaying this project until 59th Street PS and Tank plus the 24" waterline to the Airport PS is complete.
W1701	WELL DISINFECTION / FLUSHING (2A, 6A, 10, 12, 13, 16, 17)	Installation of a disinfection system and flush valve for each of the previously rehabilitated Ala Loma Wells. This allows for the use of these wells without contamination the water system.	\$ 45,536	\$ 45,536	Consultant preparing scope for evaluating asset value and sale	Design complete but GCWA has concerns with the main line that wells are tying into. They need to do condition assessment. Alternate approach to seal the wells being investigated with the hiring of consultant. Kickoff meeting for the well appraisal project expected in May with the appraisal report due in August 2021.
W1605	30" CAUSEWAY WATERLINE	Construction of a 30" waterline along the causeway to provide additional redundancy for island water.	\$ 1,821,389	\$ 750,950	Design	Design is 95% complete. This project has received a Federal earmark for assisting with the funding of construction. Staff anticipates construction to begin around mid FY2025. TXDOT Coordination ongoing due to structural stability concerns and Post Harvey cracks in the Causeway Structure being remedied by TXDOT. USACE Permit is in-progress. Working through delivery pressure issues with Gulf Coast Water Authority.
W1601	10 MILE ROAD ELEVATED STORAGE TANK REPLACEMENT	Rehab of EST. is not the best solution for the water distribution system since the existing tank is about 40 feet short and provides less supply and pressure. Also the coating is severely degraded and the tank recoating may not provide longevity. Tank needs to be upgraded from "flow by" to "flow through" with separate fill and discharge lines to preserve water quality and provide the needed capacity and storage. Construction of a new 2.5 MG EST is the better solution for the long-term to maintain compliance with TCEQ findings on the condition of the tank.	\$ 16,396,601	\$ 979,968	Design	Modelling performed under the Water Master Plan update currently underway indicates that the existing tank is the correct size and height. A rehabilitation design project is currently underway to develop a revised plan set to perform a rehabilitation of the existing tank.
W1705	AIRPORT PUMP STATION TANK UPGRADES PHASE 1	Construction of a new 3 million gallon water ground storage tank (GST) at the Airport Pump Station. This is needed to protect water supply from risk of contamination from flood waters and ensure the proper water quality and pressure to the west end.	\$ 19,091,134	\$ 10,867,159	Construction	Construction Complete

Following permit approvals, the project will be released for bidding in early 2025.
W2303	WATER MASTER PLAN	Complete a new water master plan including development of a computerized water model capable of accepting multiple data sources	\$ 2,538,171	\$ 961,290	Design	Data Collection Phase is ongoing and the engineering team has completed developing the existing system computer model. The engineering team is reviewing and updating the existing water fees and rate structure, and continuing to analyze the possibilities of developing an alternate water source for the City's water system. The engineering team continues to gather in-field data collection efforts to use for calibrating the water model. The water model has been calibrated and a couple of problem areas are being studied further. The engineering team is preparing to develop a DRAFT list of recommended CIP projects. Work is ongoing.

(1) FEMA has approved expenditures for the improvement of the City's fire hydrants as FEMA eligible; however, it is not likely that FEMA will approve grant cash being drawn to cover the project until other FEMA funding issues are resolved. In the interim, local funds will have to be appropriated to fund this project in the amount shown.

Notes

- (1) Other funds include expenses paid from Facilities Maintenance, Revenue Producing Parks, and CIP Funds.
- (2) TWIA Reimbursements are a direct offset to expenses and decrease the anticipated FEMA Reimbursement.
- (3) The expenditures included in this report are limited to what had been incurred between October 1, 2024 and March 31, 2025. Total Beryl costs are projected to be approximately \$9 million, of which approximately \$1.9 million would be the local share paid by City of Galveston.
